1. Problem and evidence

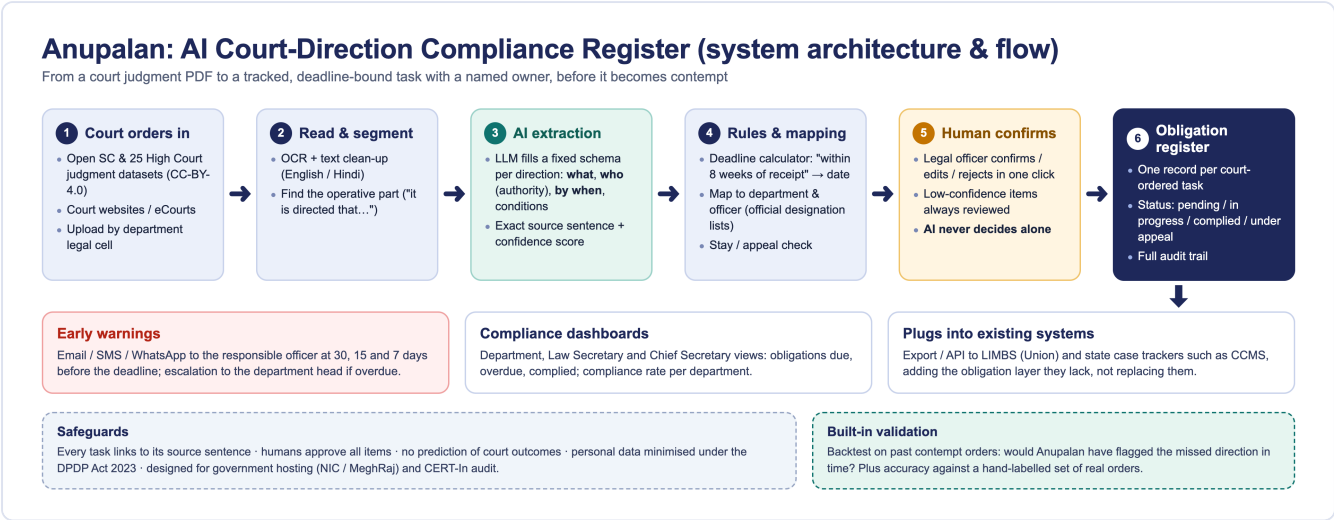

- Nearly 1.5 lakh contempt cases are pending in Indian courts (Law Ministry, Lok Sabha, Mar 2025). In the open 2025 data, the Punjab & Haryana High Court alone issued orders in 6,034 contempt cases.
- Supreme Court, *Reena Kumari v. Praveer Kumar*, 2026 INSC 642: directions must be "monitored, tracked, and complied with within the time prescribed"; Rs 1 lakh costs on UP after 13 years of non-compliance.
- Department of Justice O.M. N-17/22/2024-NM (3 Jan 2025): all ministries to "establish a Compliance Mechanism". Haryana State Litigation Policy 2025: nodal officers review implementation of court orders fortnightly and an IT-based litigation system is mandated. Karnataka Act 68 of 2025: fortnightly complied / not-complied reporting.
- Northern Region, 2026: P&H High Court gave Punjab "a fortnight" (3 Aug) to release DA/DR arrears; the deadline lapsed on 17 Aug, the Finance Department told Secretaries not to implement without its concurrence, a contempt plea followed and the Chief Secretary was directed to appear (The Tribune). Rs 2-3 lakh personal costs imposed on top officers for pension non-compliance (P&H HC, Apr-May 2026).

2. The missing layer and what is new

Government trackers (LIMBS, state CCMS/LMS) monitor **cases**: hearings, counter-affidavits, contempt status, appeal limitation, keyed in by officers. We found none that reads a judgment and builds a register of each **direction** (what, who, by when, evidence). The closest, Odisha's LMS, has a manual "Direction to be Complied / Due date of Compliance" field. Anupalan automates that layer: it extracts each direction and

deadline, assigns an owner, tracks evidence and escalates before contempt. Mandates exist (DoJ 2025, Karnataka 2025, Haryana 2025) but name no tool.

3. Architecture

4. Working prototype (real P&H High Court orders)

CWP/178/2025 of DINESH GARG Vs STATE OF HARYANA AND ORS

Order dated 27 Jan 2025 - HON'BLE MR. JUSTICE TRIBHUVAN DAHTYA · read via ocr

Highlighted: the sentence this task was extracted from.

Seema IN THE HIGH COURT OF PUNJAB AND HARYANA AT CHANDIGARH Date of Decision: 27.01.2025 DINESH GARG hese PETITIONER VERSUS STATE OF HARYANA AND OTHERS RESPONDENTS CORAM: HON'BLE MR. JUSTICE TRIBHUVAN DAHTYA Present: Mr. Ankur Sidhar, Advocate for the petitioner. TRIBHUVAN DAHTYA, J. (ORAL) The petition has been filed inter alia seeking a writ of mandamus directing the respondent-Commission to consider the petitioner's candidature for the post of TGT English in response to advertisement 02/2023.

2. Learned counsel for the petitioner contends that the petitioner has secured more marks than the cut-off marks under General/Unreserved category, and the representation dated 08.11.2024, Annexure P-11, submitted by him in this regard in response to announcement of the same date, Annexure P-10, is still pending with the respondent/Commission for decision.

3. Notice of motion.

4. Ms. Tanushree Gupta, DAG, Haryana, accepts notice on behalf of the respondents/State and, on instructions, contends that **final decision on the petitioner's representation will be taken by Secretary of the Commission and it will be conveyed to him within a period of four weeks.**

5. In view of the statement made, learned counsel for the petitioner seeks permission to withdraw the petition with liberty to the petitioner to challenge the order, in case the grievance is not redressed.

6. Permitted to do so.

7. Petition is dismissed as withdrawn, with liberty prayed for. (TRIBHUVAN DAHTYA) 27.01.2025 JUDGE Seema Seema

5. Evaluation

5.1 Contempt backtest (n = 293)

Contempt petitions (COCP) with an order in 2025 were sampled from the open Punjab & Haryana High Court dataset (CC-BY-4.0). Where the contempt order names the original order allegedly disobeyed, that original order (2022-2025) was located in the same dataset and processed by Anupalan exactly as a new order would be. 293 original orders were analysed. Each original order was processed with no knowledge of the later contempt case.

Metric	Result
Direction captured (direct or by linked reference)	265 (90%), direct 84%
Deadline computed	192 (66%); the rest give no time limit in the order
Deadline passed before contempt was filed	185 of 192 (96%)
Median warning (contempt filing – deadline)	89 days
Median order → contempt	177 days

before deadline	1-30	31-60	61-90	91-180	181-365	>1 year
7	40	27	26	38	30	24

Days between computed deadline and contempt filing.

5.2 Forward run

400 random 2025 writ orders with a State/Union party (disposed/allowed): 427 obligations from 257 orders (64%); 243 dated.

5.3 Precision (in progress)

Reviewer decisions are logged in the app; 100 obligations by the developer and a blind review of 30 by a legal professional. Results will be reported at the final evaluation.

Limits: no-deadline orders get an internal target; receipt-based deadlines use an assumed receipt date until entered; dataset may not contain every order; the backtest shows warnings would have existed, not that contempt would have been avoided.

6. Calculations and cost

Item	Value	Basis
Tokens per order	~1,350 in / ~260 out	Measured, 693 orders
AI cost per order	≈ US\$0.0027 ≈ ₹0.25 (₹0.13 batched)	Haiku 4.5 \$1/\$5 per M tokens; ₹96.2/USD
Orders with a government party, P&H HC, 2025	93,749 (≈390 per working day)	Open data
Compute	~3 s/order → ~20 min/day; 8 workers ≈ 9,600 orders/h	Measured
Annual AI cost, one High Court	≈ ₹24,000 (≈ ₹12,000 batched)	Formula
Tasks tracked per year (estimate)	≈ 66,000	62,009 final orders × 64% × 1.67
Prototype BOM	≈ ₹20,000 (software only)	BOM workbook
State deployment	≈ ₹12 lakh/yr (≈ ₹18 per task)	Estimate: AI, hosting, alerts, audit, support, training

7. 75-day progress (as of 5 Oct 2026)

Plan	Status
Days 1-10: data pipeline, schema	Done (P&H HC 2022-2025 metadata, ~2,500 orders)
Days 11-30: pipeline, review UI, register, alerts, dashboard	Done (6 unit tests)
Early validation	Done: 293-case backtest; 400-order forward run
Precision study; remote interviews	In progress
11-19 Nov validate & test	Planned: shadow run on new orders; expert sessions
Days 47-75	Planned: Hindi orders, Delhi HC, LIMBS/CCMS export, security hardening, DPDP review, pilot proposal

8. Technical gaps, risks and mitigations

Risk / gap	Mitigation
Wrong extraction → missed deadline	Human confirmation; low confidence first; source highlighted; basis shown; published backtest and precision study
AI hallucination	Verbatim-quote guard; dates by rules only; AI never decides compliance
No deadline in order (27-43%)	Flagged 30-day internal target; department policy defaults
Receipt-based dates	Officer enters receipt date; e-Office/dak integration
Scanned / Hindi orders	OCR now; Indic OCR and Indic-capable model (e.g. Bhashini) next
Data protection (DPDP Act 2023)	Personal-data minimisation, role-based access, audit logs, NIC/MeghRaj hosting, on-prem model option
Security norms	CERT-In empanelled audit before pilot; GIGW; secrets only in environment

Adoption burden	Removes manual entry; one-click confirm; plugs into LIMBS/CCMS
Vendor dependence	Model-agnostic; rules-only mode works offline; open-source core

9. Validation and pilot plan (Stage IV, 11-19 Nov)

- **Shadow run:** process every new P&H High Court order with a government party published in the window; freeze the extracted register (hash) and compare later.
- **Precision study:** 100 obligations reviewed in-app + blind review of 30 by a legal professional; report precision, deadline accuracy and department accuracy.
- **Stakeholder sessions (remote):** departmental legal-cell officers, government counsel, service-law advocates and pensioners' associations; structured feedback log.
- **Pilot ask:** one department legal cell (Government of NCT of Delhi or Haryana/Punjab) to run Anupalan alongside its existing tracker for 60 days.
